

My Epic Southern Africa Adventures

I have just returned from Southern Africa and The Seychelles, attending the famous INDABA Pow Wow in Durban and WE ARE AFRICA conference in Cape Town – the two top safari & travel shows in Africa. I spent four nights exploring the new **BECKS SAFARI LODGE** and **KUNAME LODGE** in the Karongwe Private Game Reserve, a few nights in Victoria Falls celebrating **BUSHTRACKS Africa** 21st anniversary, then off to the Okavango Delta to visit the new **MMA DINARE** and **RRA DINARE** safari camps in the Gomoti River plains, as well as other Under One Botswana Sky lodges. **Read on below about the exceptional Big 5 game viewings** while on safari, and stay tuned for the Part 2 newsletter detailing my epic trip across Southern Africa & The Seychelles.

TFI is excited to offer affordable Southern Africa hotels & safari lodges linking Cape Town or Durban to Victoria Falls and private game reserves. For details, please email me at the link below.

Becks Safari Lodge

I spent four nights exploring the new Becks camp in the Karongwe portfolio. Combining luxe living and innovative design with a deep appreciation for the South African Bushveld, this intimate and exclusive safari lodge is committed to environmental sustainability. The 10 luxurious suites set amidst tranquil beauty, refreshing pool and gourmet plated meals, make Becks the ideal location for romantic weddings or honeymoons. While touring Karongwe's Private Game Reserve, we witnessed over-the-top sightings of lion, cheetah, and leopard.

At Becks Safari Lodge, you will find exceptional game viewing and 5-star accommodations at an affordable price, email today for current rates.

KUNAME LODGE & MANOR HOUSE

A few nights at Kuname Lodge, an exclusive luxury lodge set in pristine African bush in the Karongwe Private Game Reserve, sets one in the safari state of mind. The game-rich and diverse landscapes provide some of the best big five viewing opportunities in Southern Africa, situated only 45 minutes from the world famous Kruger National Park. The Manor House is a beautiful three-bedroom addition to the lodge and is situated right on the river bank, bringing you closer to Mother Nature. **Email Lorenzo for details.**

RRA DINARE & MMA DINARE

Some of the best game viewing I ever experienced was at RRA & MMA DINARE. We saw a large herd of over 700 buffalo, wildebeest, and elephant in the Okavango Delta. RRA Dinare, meaning Father of Many Buffalo, is the Delta's newest camp located adjacent to the Moremi Game Reserve on the 67,000 acre Gomoti Concession. The 8 tents with ensuite bathrooms, swimming pool, curio shop and open gathering areas are designed to embrace the natural surroundings of riverine forest. RRA's sister camp MMA Dinare, or Mother of Many Buffalo, is now in its soft opening phase and offers similar facilities with an additional family tent.

The airstrip servicing RRA & MMA Dinare is a 20-minute chartered flight from Maun and a 45-minute game drive to the camps. For rates & more information, please email Lorenzo at the link below.

One of the amazing things about the Okavango Delta is to see how the wildlife adapts to the marshy conditions. Photo by Reto Boltshauser while on safari at Chobe Safari Lodge.

Chobe Safari Lodge

Situated at the "four corners" where four African countries meet, The Chobe Safari Lodge is an excellent gateway location to Chobe National Park, Victoria Falls and Caprivi. The newest additions to Chobe Safari Lodge are 46 luxury safari rooms with lawns and patios along the Chobe River. Along with big game, Chobe boasts the largest concentration of elephant in Africa, and they offer game drives, boat cruises and scenic flights to view this amazing spectacle. I also visited **Pom Pom Camp** and **Moremi Crossing**, a new style safari camp combining luxury and simplicity. All are part of the **Under One Botswana Sky lodge portfolio, click here to view the collection.**

Idube Game Reserve

During my stay at Idube, we had exceptional sightings of the elusive painted wild dog, hyena and leopard, up close. Idube is situated in the Sabi Sand Private Game Reserve, adjoining the Kruger National Park. This world renowned reserve is known for conservation efforts, particularly in protecting the rhino. The Lodge has recently been renovated to add a new "chill out" area and the safari chalets have private decks and baths with in/outside showers. Idube has received TripAdvisor's Certificate of Excellence. **Contact Lorenzo and he will tell you why you should visit, click here to email.**

Bushtracks Africa

Congratulations to our partner Bushtracks Africa for celebrating 21 years in providing the best Destination Management Services in Southern Africa. Whether you want to take a steam train safari, peer over the top of Victoria Falls, or transport and accommodate your group in between, Bushtracks has your incentive trip covered. For sample itineraries, contact Lorenzo or **click here to visit Bushtracks' website.**
